

My experience with Dr. Bisseck was all and more than I expected. From the beginning, starting with my consultation. The staff was extremely informative and helpful. Dr. Bisseck and his team kept me comfortable before, during, and after my procedure. I'll really appreciate the time and dedication they showed me as a patient.

Dr. Bisseck and his staff were all positive, kind, and knowledgeable. I really appreciated the direct phone call the next day to check on how I was doing and asking and answering me and my husband question about the procedure, medication, and recovery. I am extremely pleased with my result from the breast reduction. I'll get so many compliments on my "NEW" body, and my self-esteem has rise, and I feel confident and happy. I'd like to thank Dr. Bisseck and his entire staff for providing me with a great experience. I highly recommend Dr. Bisseck to anyone.
